[Signature]

3. How much **additional** acreage was disturbed during the past year? None
4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.

As the Department is aware, this material was previously mined and was moved from the old pit and utilized in the EPA reclamation of an area at the west end of the town of Ophir. There were no new areas disturbed.

5. How much acreage was **reclaimed** during the past year? None
6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

7. What is the total disturbed acreage at years end? _____

8. Briefly summarize any mining and/or reclamation plans for the upcoming year.

After the area dries in the spring, we will contour the mine area and perform some re-vegetation. We will work with UDOGM and the land owner on this.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.
